ABOUT THE INSTITUTE

International Institute of Health Management Research (IIHMR), New Delhi was established in 2008 as a part of the Society of Indian Institute of Health Management Research (IIHMR), Jaipur. It was set up with a focus on national and international health to cater to the growing needs of India as well as the Asia-Pacific region. The Institute caters to education, training, research, and consultancy in hospital, health, and health IT management. IIHMR is now a NAAC "A" accredited institute and has carved out a niche for itself through its cutting-edge curriculum, interactive learning environment, well-equipped infrastructure facilities, and accomplished faculty members. It has achieved a place of pride in Healthcare Management both at national and international levels.

MISSION

IIHMR is an institution dedicated to the improvement of standards of health through better management of health care and related programs. It seeks to accomplish this through management research, training, consultation, and institutional networking from a national and global perspective.

OUR CORE VALUES

- ✓ Quality
- ✓ Accountability
- ✓ Trust
- ✓ Transparency
- ✓ Sharing knowledge and information

FOCUS

Thrust Areas - IIHMR is engaged in policy issues, program planning and management, and capacity building mainly in the health sector. It undertakes research, training, and consulting activities in the following areas:

- ✓ Primary Health Care
- ✓ Health and Hospital Management
- ✓ Health Economics and Finance
- ✓ Population and Reproductive Health
- ✓ NGO Management and Networking
- ✓ Climate Change and Environmental Health

CAPABILITIES

- ✓ Management Research, Education & Training
- ✓ Planning, Designing, and Conducting Management Training for Health Professionals
- ✓ Institutional Capacity Development & Networking
- ✓ Project Planning and Management
- ✓ Operations Research and Evaluation
- ✓ Economic and Financial Analysis
- ✓ Survey Research
- ✓ Impact assessment
- ✓ Quality Assurance
- ✓ Health Sector Reforms
- ✓ Program Evaluation
- ✓ Health Information Technology

INVITATION TO THE RECRUITERS

Welcome Dear Esteemed Recruiters!

IIHMR, New Delhi feels honoured to invite you to our campus to be empanelled for placement drive of the young emerging professionals of the batch 2023-25. We are proud to announce that we are one of the finest institutions in producing healthcare management professionals. Our students are ably skilled and of good calibre best suited to match the expectations of the healthcare industry.

The constant grooming process makes sure that our management trainees are provided with both on-the-job/off-the-job training through highly qualified and experienced faculty members in collaboration with industry experts, to widen their knowledge base to bridge the gap. Our placement process caters to a wide array of qualifications, thereby providing a broad spectrum of the knowledge pool. The Institute believes in enhancing the potential of individual students, enriching human values, maintaining professional quality, and upholding ethical intent, social concerns, and global outlook.

We are sure our dynamic professionals will be a suitable match for your organization as potential employees. We are looking forward to a meaningful and long-term relationship with your organization.

MESSAGE FROM THE DIRECTOR'S DESK

Director's Desk

I am delighted to write about the International Institute of Health Management Research (IIHMR), Delhi, which has emerged as an institute of repute, both nationally and globally, for producing competent, socially conscious, and vibrant healthcare management professionals. Our top-ranked and innovative Postgraduate Program, with specializations in Health Management, Hospital Management, and Health Information Technology Management, is well recognized in the country as it meets the existing demands and challenges of the healthcare sector, as evident from our NAAC 'A' accreditation. The institute has carved out a niche for itself through its cutting-edge curriculum, excellent infrastructure, and accomplished multi-disciplinary faculty.

**MBBS, MD, DNB
(MCH), MNAMS**

Our primary aim is to prepare and train students with up-to-date professional and leadership skills to enhance the healthcare and hospital scenario of the country. IIHMR Delhi equips its students with a strong managerial and technical foundation for careers in consulting, hospital management, healthcare systems, healthcare quality management, health insurance, healthcare information technology, business analysis, and transformation. The institute offers a judicious mix of theoretical and experiential learning, fostering holistic development for students. Besides academics, students at IIHMR also excel in co-curricular activities.

The institute offers a two-year full-time postgraduate program in Hospital and Health Management, approved by the All-India Council for Technical Education (AICTE) and accredited by the National Board of Accreditation (NBA). Our program is recognized as equivalent to an MBA degree by Indian universities through the Association of Indian Universities (AIU). Admissions to the program are based on merit through a rigorous selection process. Our students come from diverse educational backgrounds, including allopathy, dentistry, AYUSH systems, pharmacy, nursing, science, commerce, and social sciences. Our graduates are well-prepared for the ever-changing healthcare sector and evolving social dynamics. The program equips them to assume managerial and leadership roles in their respective fields.

In June 2024, another batch of management graduates specializing in health, hospital, and health information technology successfully completed the program and are now qualified to shoulder professional responsibilities to meet the expanding needs of the health sector. Their successful placements in strategic positions across the healthcare arena reflect the strength of our growing community. The institute's alumni are making significant contributions to the health sector both in India and globally.

I am delighted to present the 2023-2025 batch of talented, socially conscientious, and dedicated students who will graduate in June 2025. I invite you to engage with our graduates to enhance the quality and productivity of healthcare systems and their management. I am confident they will make meaningful contributions to your organization and to society.

I wish the students all the very best and a great career ahead!

Dr. Sutapa B. Neogi

Director

**International institute of health research
management, New Delhi**

MESSAGE FROM THE ASSOCIATE DEAN

(Academics & Student Affairs)

The healthcare sector is one of the fastest-growing sectors in the country. The growth expectations are even higher shortly with more government and private spending in this sector. Apart from doctors, nurses, paramedics, and pharmacists, there is a need for professionals

who can manage different segments of the healthcare sector, and this is where the International Institute of Health Management Research (IIHMR), New Delhi contributes. Management is required in every sector and the healthcare sector is no exception. IIHMR

provides two years full-time program in Health and Hospital Management approved by AICTE and accredited by the National Board of Accreditation and the Association of Indian Universities. Management education is going through a paradigm shift with changing technology, new methods of learning, industry-specific curriculum, and rapid innovations. IIHMR Delhi is paving the way for this paradigm shift in management education with an excellent peer learning environment powered by world-class infrastructure in a vibrant campus situated in one of the best localities in the national capital. During our academic program, we not only prepare skilled professionals but inculcate values that make our students competent and versatile in the healthcare sector. We bank on the proper blend of technical and soft skills in our students based on which they become leaders in their respective fields. IIHMR Delhi is proud to have produced more than twelve hundred such healthcare leaders since its inception. One of the core strengths of IIHMR Delhi is its very experienced and dynamic faculty members. Their quality teaching, research orientation, training, and mentorship consistently guide the students to achieve their goals.

Students get hands-on experience during their internship and dissertation which is part of the academic curriculum under the supervision of industry experts and IIHMR faculty members. We work persistently to make our students ready as per industry requirements and provide them with top career opportunities. The meticulous academic and professional training at IIHMR, Delhi help students to do extremely well in various challenging situations with ease and confidence. I am sure that these young professionals would certainly be an asset to your organization with their excellent technical and managerial skills.

Dr Sumesh Kumar

**Associate Professor & Associate Dean
(Academics & Student Affairs) International
Institute of Health Management Research
New Delhi**

MESSAGE FROM THE ASSOCIATE DEAN

(Placement & Alumni Relations)

The Placement Cell of IIHMR Delhi serves as an interface between the students and the Healthcare Industry. Apart from bringing various healthcare companies to the campus, the placement cell also organizes talks, study abroad seminars, internship opportunities, and workshops for the collective student body. We not only focus on the academic goals of students but also ethical and moral achievement.

For us, students are like moist soil and teachers are the potters, who provide them with the best shape to build their careers. We equip our students with innovative training and make them industry-ready by inviting professionals, conducting interactive sessions, and organizing field visits. They are provided holistic development through academics, research opportunities, participation in conferences, competitions and hackathons, culture and sports activities. Students undergo two months of industry-based summer training in the first year and three months of dissertation at the end of the second year. Students graduating from IIHMR Delhi would be prepared to work in any sphere of the healthcare industry.

I would like to acknowledge the participation of our alumni in the placement activities. We would like to see your continuous support in this year also. I take this opportunity to express my gratitude to the industry partners who have been recruiting our students. I take this opportunity to thank you for providing us with placements in the past. I would request you to kindly continue to provide us the same patronage in the future too. I also take the opportunity to invite new recruiters to visit our campus, interact with our students and be a part of our recruitment drive. We invite you to enjoy our hospitality and look forward to a rich, successful, and rewarding collaboration with your esteemed organization. We at IIHMR Delhi, value our partnership with alumni, industry partners, recruiters and promise to remain committed to making your recruiting experience productive and positive.

Dr. Altaf Yousuf Mir
Associate Professor & Associate Dean
Placement & Alumni Relations
International Institute of Health Management Research
New Delhi

OBJECTIVE

The objective of the program is to enable students to understand the concepts and techniques of modern management and their application in hospitals and healthcare organizations. The program also enables students to develop skills in diagnosing and solving management problems in planning, building, and managing healthcare organizations. Moreover, the program helps students to develop consultancy skills in different areas of healthcare management and use learning technologies that are responsive to diverse clients.

COURSE FRAMEWORK

The Institute offers a two-year full-time NBA accredited Postgraduate Programme (equivalent to an MBA by AIU) approved by AICTE and NBA accredited with specialization in Hospital Management, Health Management, and Health Information Technology Management.

It is a flagship education program that aims to develop trained professional managers with requisite skills in planning, implementation, operational management, diagnosing and problem-solving, consultancy, and entrepreneurship to prepare them to manage hospitals and healthcare institutions across the world, both in public and private sectors, and to meet the rising demand for quality healthcare management.

The Institute builds achievers through the program. IIHMR students have won prizes in many inter-campus, national & international competitions in academic and non-academic activities. The Institute also encourages and supports entrepreneurship. Few of our students have established their own startups and NGOs and have been competitively getting funds and winning laurels for their work.

INDUCTION COURSES:

NON-CREDIT COURSES/SESSIONS

- Human Process Lab
- Essential of Computers
- Communication Lab

FIRST YEAR CORE COURSES

- ✓ Research Methodology
- ✓ Health and Development
- ✓ Principles of Management
- ✓ Health Policy and Healthcare Delivery System
- ✓ Demography and Population Sciences
- ✓ Essentials of Hospital Services
- ✓ Biostatistics
- ✓ Marketing Management
- ✓ Communication Planning and Management

SUMMER TRAINING

The students are placed for 8 weeks in various hospitals and health sector organizations and are assessed based on their performance during this period.

SECOND YEAR COURSES

The second year calls for the specialization in one of the three below-mentioned fields:

- Health Management
- Hospital Management
- Health Information Technology Management

INTERSHIP & DISSERTATION

A major component of the program is an internship in different hospitals and health set-ups throughout the country for 12 weeks during which students are required to do an in-depth study in the form of a dissertation. Submission of the thesis is a prerequisite for completion of the course before the Convocation Ceremony. The dissertation of the students will start on 17th February 2025. Students need to complete their dissertation within the specified time for the successful completion of the PGDM (Hospital and Health Management) (equivalent to MBA) course.

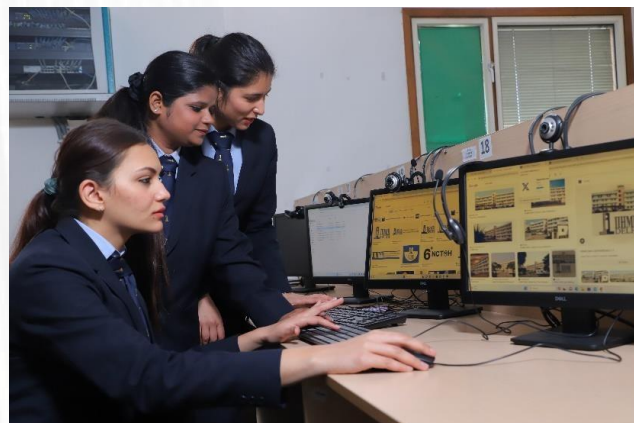

INFRASTRUCTURE AT IIHMR

The aesthetically designed and magnificently built campus of IIHMR is in Dwarka, New Delhi. The infrastructure as well as the facilities are at par with international standards and meet all academic and administrative requirements. The well-lit, spacious, air-conditioned classrooms equipped with audio-visual facilities create an atmosphere conducive to learning. The library of the institute is equipped with the latest books, journals, and magazines of national and international standards that are required for academic as well as research activities. The computer centre of the institute is a state-of-the-art facility and uses technologies to provide a competitive advantage to both its faculty and students in core areas of education and research. Three large, air-conditioned conference halls provide adequate space to host national and international conferences, seminars, and workshops within the institute. Other facilities include individual rooms for the faculty, a gymnasium, a badminton court, a mini amphitheatre, a centralized air-conditioning system, and a car parking lot. The institute also has a spacious and well-equipped cafeteria and a guesthouse for visiting guests and dignitaries.

COMPUTER CENTRE

The Computer Centre is equipped with all contemporary facilities to cater to the needs of both teaching and research activities at the institute. The use of modern technology provides a competitive edge to the institute in its core areas of education and research. The high-quality bandwidth ensures fast and uninterrupted internet connectivity throughout the campus via LAN and Wi-Fi facilities.

The institute employs the latest computing facilities and audio-visual aids, supported by technically competent software and hardware professionals, to maintain and enhance the infrastructure. The Computer Centre acts as the central nervous system, ensuring seamless and uninterrupted operations across the campus.

LIBRARY

The IIHMR Delhi library holds a central and prominent role among students, faculty, and academic researchers. Its objective is to provide current research information in healthcare, hospitals, Health IT, and related areas. The library boasts a state-of-the-art collection of 8,378 books, with 6,125 unique titles covering fields such as Health Management, Hospital Administration, Health Economics and Finance, Public Health, Healthcare IT, General Management,

MIS, Demography, Research Methodology, and more, from where the readers can borrow the required books and reading material as per library rules. The library provides user-friendly services and easy-open access facilities to the readers. To focus on quality information, we receive over 68 National and International periodicals and magazines related to professional management and research, six newspapers published around the globe, and library collection includes 510 CD-ROM and E-Databases from India and overseas, like Pro-Quest Health Management, Indiastat, and J-Gate Database, EBSCOhost e-books and Web of Science database. The library collection also includes 246,608 eBooks. Library facility and services: Electronic Resource Centre, 1034 Thesis & Dissertations, 974 Bound Volume Reprography Section, Kindle E-book Reader, Turnitin Anti-Plagiarism software checker, Remote Access and mLibrary (Knimbus) with Android & IOS app, Automated Library & Services, Book Alert Service, Periodical Alert Service, Bibliographies on Demand, Document Delivery Service, Internet and E-mail Service, Information & Reference Service etc. Library OPAC can be accessed <http://library.iihmrdelhi.edu.in:8001/>

CULTURAL COMMITTEE

The IIHMR - Delhi Cultural Committee promises to create a lively and welcoming environment on the campus. The committee celebrates diverse backgrounds, supports creativity, and encourages everyone to get involved in cultural events. The goal is to enhance the campus experience, build a strong community, and promote respect and teamwork. Together, the committee ensures that the activities are memorable and reflect the unity of the Institute.

Cultural Committee Members:

- Dr. Manvi Chadha
- Rupa Kumari
- Swastik Mitra
- Md. Zaid Sultan

SPORTS COMMITTEE

The IIHMR-Delhi Sports Committee is committed to enhancing student life through athletics. The committee believes that sports are essential for holistic development, fostering teamwork, leadership, and discipline. By organizing a diverse range of sporting events, both within and beyond the institute, students are provided opportunities to explore their athletic potential and build camaraderie. Our initiatives aim to create a vibrant sports culture where students can not only compete but also develop essential life skills.

Sports Committee Members:

- Man Singh
- Rupam Sharma
- Diksha Singh
- Rinku Yadav

ALUMNI COMMITTEE

The IIHMR-Delhi Alumni Committee pledges to enhance the extensive alumni network of the institute. Over 1,500 alumni, placed in top positions across the country and overseas, are the most important asset and the flag bearers of the Institute's legacy. The Alumni Committee takes the initiative to personally reach out to the Institute's alumni, organize guest lectures and alumni meets, and seek out placement and collaboration opportunities.

Alumni Committee Members:

- Dr. Jasline Jena
- Dr. Kashish Mahajan
- Dr. Tanya Dua
- Surbhi Tiwari
- Krati Gupta
- Dr. Tarun Chauhan

SYNAPSE COMMITTEE

The Synapse Committee at IIHMR Delhi, including members Krati Gupta, Dr. Bhumika Hooda, Eshika Bindal, Anamika, Dr. Samridhi Kaur, Rohit Upadhyay, Dr. Anshuma Mahale, Anushi Bhardwaj, Dr. Arpita Lohani, Priya Bansal, and Sweksha, is committed to fostering an environment of learning, collaboration, and innovation in the healthcare domain. The committee's mission is to spread awareness and share knowledge about the latest advancements and research in the healthcare industry on a global scale. Through dedicated newsletters circulated every two months, the Synapse Committee also showcases life at IIHMR Delhi, offering a glimpse into the vibrant campus culture and the diverse experiences that shape the students' journey at the institution.

ABOUT THE PLACEMENT PROCESS

IIHMR Delhi is committed to provide full placement assistance to students at the institute. It shall make all endeavours to invite and host as many companies as possible to the institute, for placement/internship. The placement cell invites the companies for placement and internship drives from the beginning of the placement session by approaching all the potential employers/companies and solicits their support in recruiting students from IIHMR Delhi.

- ❖ The placement session commences from October 2024.
- ❖ As a first step, placement brochures are circulated, and recruiters are invited for pre-placement talks.
- ❖ Next, the student interviews (online/ offline mode) are carried out by the recruiters and selection process completed.
- ❖ IIHMR Delhi strictly enforces ONE STUDENT ONE JOB OFFER policy.
- ❖ Students will join the organization from February 2025 only.

BATCH PROFILE 2023-2025

HOSPITAL MANAGEMENT STREAM

Healthcare is one of the fastest-growing industries in our country in the present scenario. New hospital projects are coming across the country and several existing ones are expanding their services. Several corporate houses are also venturing into the hospital industry. Effective communication and collaboration among healthcare professionals are crucial for the delivery of quality care. Therefore, there is a strong requirement to achieve coherent exponential growth in the Hospital Management education sector to meet the rising demand of the Hospital industry. The course enables the holistic development of future managers and prepares them to handle various aspects of hospital administration.

The key components of the Hospital Management course are as follows: -

- ✓ Material and Equipment Management
- ✓ Operation Management in Hospital
- ✓ Organization and Management of Clinical Services
- ✓ Organization and Management of Support Services
- ✓ Health Insurance and Managed Care
- ✓ Strategic Planning
- ✓ Hospital Management Information System
- ✓ Quality Management and Patient Safety in Hospitals
- ✓ Organization and Management of Utility Services
- ✓ Hospital Planning and Facility Management
- ✓ Data Management and Analysis
- ✓ Disaster Management
- ✓ Legal Framework in Health Care
- ✓ Marketing Management of Hospital Services

Choice Based Credit Course: -

- ✓ Clinical Epidemiology
- ✓ Health Management Information System
- ✓ Planning for Digital Transformation

Value Added Courses: -

- ✓ Reading a Scholarly Article
- ✓ Labour Laws

HEALTH MANAGEMENT STREAM

India is burdened by several public health challenges. This calls for the need for qualified professionals who are well versed not only in clinical knowledge but with the administrative as well as management practices in the field of public health.

The health management specialization provided in the second year integrates the concepts of public health and management to strengthen the limited capacity of medical professionals in the domain of health management and administration. The innovative and integrated curriculum aims at developing outstanding professionals for governmental and non-governmental organizations, public hospitals, research organizations, healthcare consultancy, and other global and domestic healthcare organizations.

The key components of the Health Management course are as follows:-

- ✓ Applied Epidemiology
- ✓ Data Management and Analysis
- ✓ Disaster Management
- ✓ Operations Research
- ✓ Health Insurance and Managed Care
- ✓ Health Survey and Research Methods
- ✓ NGO Management
- ✓ Global Health
- ✓ Logistics and Supply Chain Management
- ✓ National Health Programs
- ✓ Population Program Planning, Implementation, Monitoring and Evaluation
- ✓ Quality Management and Patient Safety in Hospitals
- ✓ Strategic Planning
- ✓ Urban Health
- ✓ Legal Framework in Health Care

Choice Based Credit Course: -

- ✓ Clinical Epidemiology
- ✓ Health Management Information System
- ✓ Planning for Digital Transformation

Value Added Courses: -

- ✓ Reading a Scholarly Article
- ✓ Labour Laws

HEALTH INFORMATION TECHNOLOGY

The healthcare industry is growing at a rapid pace and undergoing some of its most significant changes as the use of electronic health records increases. Designed for technologists or medical practitioners seeking to enter the field of digital health, Healthcare Information Technology (HIT) imparts the fundamentals of technology in healthcare.

HIT plays an important role in improving an organization's performance and competitive position along with the challenges, opportunities, and trends that are influencing the delivery of healthcare. Rising healthcare costs along with concerns for patient safety have resulted in healthcare reform initiatives that support the implementation of electronic health records, health information exchanges, and a nationwide health information network. Dynamically changing technological trends like telemedicine, artificial intelligence, augmented/ virtual reality, are being increasingly adopted in healthcare for improving healthcare quality, productivity, prevent medical errors, reduce healthcare cost and expand access to affordable care. This specialization provides an overview of the comprehensive management of health information across computerized systems and its secure exchange between consumers, providers, government and quality entities, and insurers. The course also provides an insight into various technical trends of health information technology.

The key components of the Health Information Technology Management course are as follows: -

- ✓ Basics of Data mining and Data warehousing
- ✓ Digital health standards and health information exchange
- ✓ Clinical Information Systems
- ✓ Designing for Healthcare IT
- ✓ Health Information System Design
- ✓ Introduction to Healthcare IT and Information Standards
- ✓ Health Insurance and Managed Care
- ✓ Managing Databases
- ✓ Managing Healthcare IT Department and Implementation
- ✓ Programming language (through OOPs)
- ✓ Project Management Techniques
- ✓ Quality Assurance in Health IT
- ✓ Regulatory Aspects in Digital Health & Cybersecurity
- ✓ Requirements Management

Choice Based Credit Course: -

- ✓ Clinical Epidemiology
- ✓ Health Management Information System
- ✓ Digital Enterprise Planning

Elective / Value Added Courses: -

- ✓ Reading a Scholarly Article
- ✓ Labour Laws
